

2023 CV Scoring Guidelines

CV scoring guidelines for 2023 Selection into the Plastic and Reconstructive Surgery (PRS) Surgical Education and Training (SET) programme for the 2024 training year.

The CV score is **147 points**. The CV score and the Referee Report score establish the ranking of candidates eligible for interview. The CV score does not contribute to the final score for SET selection.

Applicants must supply documentary evidence of the experience and skills stated in their CV. Any claims made without evidence **will not be scored**.

All applications will be evaluated using a standardized scoresheet. One scoresheet will be used for each scorer.

There are maximum points in each section. If an applicant's score for a section exceeds the maximum points no additional points will be awarded once the maximum is reached.

Scorers will only award points based on the denominations in these guidelines.

Where any discrepancy occurs in any part of the CV between the two scorers, the Chair of the SET Selection Committee will review the discrepancy and provide a final score for that part.

Qualifications – Maximum 20 Points

Overseas qualifications must have been assessed by the New Zealand Qualifications Authority or relevant Australian authorities as being equivalent to a degree in Aotearoa New Zealand or Australia.

Qualifications		
Higher Degree	Points	Evidence Required
Master's Degree PhD	20	Transcript or degree certificate

Surgical Qualifications and Experience – Maximum 45 Points

No credit will be given for:

- the eligibility rotations
- any surgical experience after the application closing date, with the exception of the current rotation

Surgical Qualifications		
Qualification	Points	Evidence Required
Other Specialty FRACS	45	FRACS certificate or correspondence from the College
Overseas surgical specialist equivalent to FRACS		Evidence of Full Vocational Registration (Voc Reg) with the Medical Council of New Zealand (MCNZ).

Dental/Oral Surgical Qualification		
Qualification	Points	Evidence Required
FRACDS	20	FRACDS certificate. Evidence of Full Voc Reg with the MCNZ. Points are only awarded for FRACDS which requires a medical degree.

Surgical Experience		
Experience in Aotearoa New Zealand, Australia or overseas	Points	Evidence Required
Current, active non-PRS SET Registrar (12 Dec 2016 – 31 July 2022)	10 points per ½ year maximum 20	A statement of service from the hospital administration identifying: <ul style="list-style-type: none"> • level of employment • length of employment • specialty
PRS Unaccredited Registrar (12 Dec 2016 – 31 July 2022)	10 points per ½ year maximum 20	
Non-PRS Unaccredited Registrar (12 Dec 2016 – 31 July 2022)	10 points per ½ year maximum 20	

Publications and Presentations – Maximum 45 Points

The applicant must be aware that every publication or presentation submitted implies a separate piece of research to which they have contributed. One research topic must only be submitted for points once. The applicant should apply only for the maximum points (as indicated in the tables below) for a research topic.

If research is submitted for duplicate points or found not to be the applicant's own work this will be raised with the Chair of the SET Selection Committee for a decision on outcome.

Points will be given to research undertaken in the past 5 years prior to application.

Publications

Journals must be mainstream, Medline, medically related, and peer reviewed. Half points are awarded where the applicant is not first author.

Journal articles that have been accepted for publication before the closing date will be scored as if published.

Book reviews, letters and abstracts do not attract points.

Publications		
Publication	Points	Evidence
Publication in a major Plastic and Reconstructive Surgery, or subspecialty journals. Chapter in a PRS related book.	15 points 1 st author	Copy of journal article/case report/book chapter with full bibliographic details
Publication in other medically related, peer-reviewed Medline journals. Chapter in a medically related book.	10 points 1 st author	
Case reports published in medical journals	5 points 1 st author	

Presentations

Points will **only** be awarded for presentations and posters at conferences listed below.

No points for presentations at in-house hospital meetings, hospital grand rounds, morbidity meetings, unit audits and other 'domestic' venues.

If a presentation or poster has been accepted, it will be scored as though it has been delivered if attendance at the conference was prohibited due to covid restrictions. The applicant must be the person delivering the presentation.

If a presentation is the result of a group project, the research supervisor must sign a statement indicating that the applicant was responsible for most of the research and this statement must be submitted along with evidence of the presentation.

Creditworthy presentations must be part of a competitive selection process.

The presentation must be directly relevant to medicine for points to be awarded.

Presentations		
Presentation	Points	Evidence
Presentation at: <ul style="list-style-type: none"> • RACS ASC • ASPS & NZAPS PSC • NZAPS ASM 	8 points	Correspondence from the conference organizers certifying acceptance of the presentation
Poster presentation at: <ul style="list-style-type: none"> • RACS ASC • ASPS & NZAPS PSC • NZAPS ASM 	4 points	<p>or</p> <p>a copy of the programme listing full details of the poster/presentation, including the conference, date and presenters' names</p> <p>and</p> <p>a copy of the power point or e-poster</p>
